CREDENTIALS ON FILE.

Senate Officially Notified of Election of Foraker and McCreary.

PHILIPPINE INQUEST SIDETRACKED.

Senator Dubois Demands That the President Reprimand Gen. Wheaton For Criticizing Prof. Schurman. Business in the House.

Washington, Jan. 27.—Soon after the senate convened Monday Mr. Lodge, chairman of the Philippines committee favorably reported a resolution authorizing that committee to make an investigation of the Philippines question and for that purpose to sit during the sessions of the senate. The resolution was referred to the committee on contingent expenses.

Mr. Blackburn (Ky.) presented the credentials of James B. McCreary, recently elected a senator from Kentucky for a term of six years beginning March 4, 1903. Placed on file.

Mr. Hanna (Ohio) presented the credentials of his colleague, Joseph Benson Foraker, who was re-elected recently to the senate for a term of six years beginning March 4, 1903. They were read and filed.

In introducing a resolution providing for the appointment of a commission of experts to ascertain the cost of an isthmian canal tunnel five miles in length by what is known as the Drallen route Mr. Scott (W. Va.) gave notice that at some time he would address the senate upon the subject.

Mr. Dubois (Ida.) in replying to a question of personal privilege, directed attention to a dispatch from Manila quoting General Wheaton as criticising some remarks of Professor Schurman in a speech at Boston, saying the opinion was prevalent in the Philippines that men were sent to prison in Manila for saying less. Mr. Dubois said that in view of the statements in this dispatch the president ought to reprimand General Wheaton and those officers in the Philippines who are criticising the senate's action or statements regarding the Philippines. He said: "I don't know who General Wheaton is, but he probably is some charity boy appointed to West Point by a senator or representative and since supported by the government. His remarks as he is quoted as having made are, however, outrageous and indecent."

Mr. Lodge (Mass) suggested that it would be wise to ascertain before General Wheaton was reprimanded whether he actually made the statements attributed to him. General Wheaton, he said, was an officer of ability and character and no hasty action ought to be taken in such a case.

Mr. Teller—"I don't think there is any doubt that General Wheaton said what is attributed to him."

Mr. Lodge—"There may be a great deal of doubt about it."

Mr. Teller continuing said such a situation as has arisen is one of the blessings growing out of the conditions of the Philippines.

When the Philippines tariff bill was taken up, Mr. Rawlins questioned Mr. Lodge about acts of the Philippines commission which were designed to prevent the discussion of Philippine independence in the islands. Mr. Lodge said such acts were passed, but they were for the purpose of suppressing the war; that it was desirable that peace should be established before independence of the islands and other questions he discussed.

Mr. Rawlins said the acts of the commission were a suppression of free speech in the Philippines. Mr. Lodge said the act related wholly to armed resistance in the islands.

Mr. Dubois reverting to the Wheaton incident objected to army officers criticising the senate or the minority of the Philippines commission and saying their action was encouraging the Philippines. He said that the army officers naturally wanted the war to continue. They were the people who thrived upon it.

The senate committee on inter-oceanic canals did not make a report Monday, but decided to have further hearings, beginning next Monday. The members of the isthmian commission and such other witnesses as may be desired will be summoned.

The senate committee on immigration continued its hearings on the subject of Chinese exclusion. The time was taken up by representatives of the Federation of Labor and of the state of California, who submitted arguments in the nature of a reply to John W. Foster, who spoke last week before the committee in opposition to the pending measures.

The senate will devote attention this week to the Philippine tariff bill. It is the purpose of Senator Lodge, who

is in charge of the bill, to keep it before the senate persistently until it is disposed of. He does not count on final action for some time. It is not the present purpose of the friends of the bill to debate it, but the attacks which will be made on it and upon the entire administration of Philippine affairs will bring replies from many of the Republican senators. It is understood that a majority of the senators on the Democratic side of the chamber will be heard before the bill is passed. Senator Lodge will seek the earliest opportunity to have the amendments recommended by his committee formally adopted, but probably will not press these when senators are prepared to proceed with set speeches. Senator Nelson will take advantage of every chance to have the bill creating a department of commerce considered, with the hope of securing action upon it during the week if possible.

House Proceedings.

In the house District of Columbia business was disposed of and the house then took up bills on the calendar under a call of committees.

Mr. Foss (Ills.) chairman of the committee on naval affairs, reported favorably the resolution of Mr. Fitzgerald (N. Y.) calling upon the secretary of the navy for all reports, papers and documents relative to the discontinuance of the use of the receiving ship Vermont, and it was adopted.

The house ways and means committee temporarily laid aside the subject of Cuban reciprocity and entered upon the question of reducing the war revenue taxes. The tea interests were heard on the proposition to take off the tax of ten cents a pound on tea imposed by the Spanish war revenue act. The beer interests, demanding a reduction of the tax on beer and liquors, were next heard.

In the house the anti-oleomargarine bill and the Hill bill for the exchangeability of gold and silver will be taken up before long. Thus far no exact time has been fixed for either of these measures, and the other bills will take their chances as opportunity presents itself. There promises to be considerable time to spare during the week, as there are no appropriation bills ready to fill the gap when general bills are lacking.

WOMEN AS TIPPLERS.

Bishop Coleman Claims the Liquor Habit Is Growing on Them.

New York, Jan. 27.—The Right Rev. Leighton Coleman, Episcopal bishop of Delaware, who startled his hearers in a mission address at New Brunswick, N. J., by the statement that there is an alarming increase of intemperance among women along with the decrease of intemperance among men, has repeated the statement and added assertions equally interesting. He says his opinion was formed only after exhaustive investigation and observation in this country and abroad.

Bishop Coleman says a newspaper hostile to his views set on foot an inquiry in New York with a view of disproving his charge. Committees of impartial citizens went to the various fashionable hotels and women's restaurants, taking notes of the orders of women patrons. They found that to take wines, cordials, even whisky, with meals, was an almost invariable rule among the wealthy and fashionable set. Not only this but in so-called tea rooms intoxicants were served to women who ordered them without even the pretense of ordering a meal.

"Intemperance among women, however," said the bishop, "is not confined to the women of the wealthy and fashionable class. The use of stimulants, medicines, bracers, tonics and all similar devices serving as a mask for the liquor habit is becoming more general among the middle classes. In England conditions are worse than here."

Marger Litigation.

Washington, Jan. 27.—In the United States supreme court Monday Attorney General Douglas of Minnesota renewed his motion for leave to file a bill of complaint on behalf of the state against the Northern Securities company in the matter of the merger of the Northern Pacific railroad with other railroads, saying that he had given notice to the defendants as required by the court. Argument on the motion was heard later in the day. R. D. Guthrie of the Northern Securities company filed a brief in the case outlining that company's position, that the complaint proposed to be filed on behalf of the state of Minnesota does not present a controversy of a civil and judicial nature between a state and a citizen of another state justifiable in this court and that no state can call upon this court to enforce its penal or police laws in other states, hence the supreme court is without jurisdiction.

A RAISE FOR MITCHELL

Resolution Introduced to Double the Salary of Mining Chief.

DELEGATES HAD SHIVERING SESSION.

Admission of Iowa to the Interstate Agreement Precipitates a Lively Discussion—Other Matters of Importance to Miners.

Indianapolis, Jan. 27.—The United Mine Workers began the second week of their national convention with chattering teeth. It was so cold in Tomlinson hall when President Mitchell opened proceedings that many of the delegates sat with their heads ducked under their overcoat collars.

The report of the constitution committee, in printed form, was handed to the delegates and came up for action late in the afternoon. The report contains nothing that is regarded of unusual interest.

An Illinois delegat presented a resolution raising the salary of the national president to \$3,500 a year. The president now gets \$1,800. Many of the delegates, the district officers especially, it is understood, favor the resolution. Several times during the past year it has been reported that President Mitchell intended to resign because the salary was not enough. It is said, however, that he has nothing to do with the movement to make the salary higher.

Discussion of Delegate Reese's resolution, providing for admission of other states to the interstate agreement, was resumed. Delegate Reese said privately that he hoped the resolution would be adopted. All the miners, he believes, are for it at heart, but many fear to take in Iowa or any other state on the ground that it may destroy the present agreement which binds Ohio, Indiana, Illinois and Pennsylvania. Several delegates spoke on the resolution.

The committee concurred in a resolution introduced by a West Virginia delegate condemning the issuance of injunctions as being detrimental to the best interests of the liberty-loving people of the country.

A resolution calling on national organizers to unionize the miners of West Virginia and Virginia for the good of the order was referred to the executive committee.

It was evident that work had been done outside the convention hall against Reese's resolution, as a number of officials who have taken a prominent part in the discussion spoke against it. A counter resolution of Delegate Evans that the matter be referred to a joint conference of operators and miners together with Reese's proposition was finally referred to the scale committee and the incoming national executive board. Reese made a spirited speech in defense of his resolution.

Following the disposition of this matter a resolution was introduced providing for the establishment of competitive districts west of the Mississippi for the purpose of arranging between the mine workers and operators there and asking that the national executive board be instructed to call a joint conference for these states. The resolution committee amended it to include Tennessee, Kentucky and Alabama. The matter was referred to the executive board.

It is expected the anthracite miners will make known their demands to the Mine Workers' convention Tuesday. The proposition that the bituminous men should not enter into a new agreement until the anthracite operators should consent to recognize the organization was, it is understood, dropped after the meeting of the anthracite delegates with their officials and President Mitchell in Central hall. It is said President Mitchell and the more conservative miners counseled against this policy on the ground that it might involve the entire body of miners in a disastrous fight. The anthracite men, it is reported, will demand through the convention an 8-hour day, recognition for the union, and a minimum day-wage scale, all of which were recommended by President Mitchell in his annual address. It is expected that the convention will endorse with enthusiasm a resolution embodying these demands.

Woes of a Baron.

Davenport, Ia., Jan. 27.—Baron Otto Von Schaezler, who was recently brought into prominence by renouncing his title and claim to ancestral estates in Germany because his wife preferred to live in America, attempted suicide by shooting. He was disarmed after inflicting a flesh wound and is now a prisoner in the county jail. A few weeks ago his wife obtained a divorce.

TRAGEDY IN CHURCH.

Brothers-in-Law Have a Fatal Fight. Both School Teachers.

Chillicothe, O., Jan. 27.—Joseph Cox shot and killed Howard Ratcliff at church at Eagle Mills, 15 miles east of here. Cox had been paying attention to Ratcliff's sister and Ratcliff strongly objected. Cox took Miss Ratcliff to church and when Ratcliff saw them together in the church he at once assaulted Cox who drew a weapon and fired, the ball passing through Ratcliff's body. He fell in the aisle and expired amid the shrieks of terrified women. Both men are of respectable families and both are school teachers. Ratcliff married a sister of his murderer. Cox was arrested and taken to McArthur.

Cox claims he shot Ratcliff in self-defense. He was arraigned at McArthur on a charge of murder.

The tragedy occurred in the midst of a sermon by the Rev. Mrs. Mahala Huber, an evangelist.

TAFT AT HOME.

His Health Is Good, and Will Go on to Washington at Once.

Cincinnati, Jan. 27.—Judge W. H. Taft, governor of the Philippine Islands, arrived home Monday with his family. He was met at the railway station by his brother, C. P. Taft, and brother-in-law, W. C. Herron, and was driven to the residence of C. P. Taft, where he breakfasted. Owing to the bereavement in his family, the death Saturday of Judge Taft's mother-in-law, Mrs. J. W. Herron, he denied himself to callers. He was in apparent good health.

Judge Taft will leave for the east Tuesday and expects to reach Washington Wednesday morning.

National Liberty Party.

Cincinnati, Jan. 27.—The National Liberal party was organized here by representatives from all parts of the country. The preamble to the new constitution that was adopted declares for the separation of church and state to the extent of abolishing chaplains in the army and navy, executive bodies and all public institutions, the taxation of church property and abandonment of Sabbath observance. The National Liberal party is the amalgamation for political purposes of free thinkers, and it is more distinctly in politics than the American Secular union. The temporary organization, formed at Buffalo last October with T. J. Bowles of Muncie, Ind., as president and W. F. Jamison of Cincinnati as secretary, is in charge of the national convention.

Didn't Contribute.

Atlanta, Ga., Jan. 27.—Dispatches from the principal cities in Georgia indicate that Gov. Chandler's suggestion that the churches take up a collection Sunday for the benefit of the McKinley national memorial fund was not followed. In Atlanta no collection was taken in any church nor was reference made to the matter by the ministers. Secretary Edward Crusselle of the memorial association, admitted that the returns were disappointing. He had received no advice regarding the collection from any city in the state, although the governor's suggestion was sent everywhere.

Another Tunnel Project.

New York, Jan. 27.—It has been learned that the Pennsylvania railroad's plans from subterranean railroad include a second tunnel under the East river, in addition to the tunnels already announced from Jersey City, under Manhattan island to Long Island. The tunnel now projected will extend under the East river from Astoria to some convenient point on the mainland and will be built for the purpose of connecting the Long Island railroad with the New York, New Haven and Hartford railroad, thus giving the Pennsylvania an outlet to New England.

Iowa Given a Chill.

Des Moines, Ia., Jan. 27.—The government weather bureau reported a minimum temperature for Des Moines of 16 degrees below zero Monday, a minimum of 20 below at Sioux City and estimates the average for the state at about two degrees colder. Owing to the sudden change in temperature there is considerable suffering. Reports of severe winter weather come from Wisconsin, Minnesota, Michigan, Illinois, Missouri, Kansas, and freezing temperature in Kentucky and Tennessee.

Terre Haute, Ind., Jan. 27.—The street railway company failed hotly to the striking employees that all who applied for re-employment by Wednesday would be given their former positions and requesting all others to turn in their punches and call for their pay. Marshal Prince of Brazil searched one of the interurban mail cars for United States mail and finding none ordered the trainmen to take off the sign "U. S. Mail." The matter has been brought to the attention of the United States district attorney.

HONORS FOR THE HERO

Admiral Schley the Lion of the Hour in the Windy City.

CHEERED BY THE SCHOOL CHILDREN.

German Societies Present Resolutions Expressing Their High Regard For the Man Who Sunk the Spanish Fleet at Santiago.

Chicago, Jan. 27.—Admiral Schley after a quiet Sunday and a good night's sleep arose much refreshed and expressed himself as ready to meet the requirements of the day's program. At 3 p. m., the most severe ordeal of his visit here began. It was the public reception at which the admiral stood for two hours shaking the hands of those who wished to meet him. The first item on the distinguished visitor's schedule was a visit to the Winfield Scott Schley school.

The admiral entered the Winfield Scott Schley school through two lines of boys holding palms over his head. He was greeted by the children who sang "See the Conquering Hero Comes." After being introduced he made a short speech in which he said that honor and honesty are the hand-maids of valor. He said, too, that he was very glad to have the school named after him. A small boy piped up "I am glad they named it after you," whereupon there were shouts of laughter and general applause. The 900 children in attendance marched by the admiral who shook hands with every one of them.

Following this levee, at 11 a. m. he was presented resolutions of esteem and approbation by a committee of 22 representing the German societies of Chicago as follows:

"The undersigned committee, acting under instructions of numerous German societies of this city, expresses to you on their behalf their affection and high esteem for the patriotic and heroic services which you have rendered our country in peace and in war. We admire in you a knight without fear and reproach a great and brave leader in battle, a humane commander, a gentleman under the most trying circumstances and the glorious victor of Santiago. May our beloved country in the hours of danger always have the services of men of your metal. And in expressing the sentiments of our constituents we add the best wishes for the continued welfare of yourself and your family." The greeting bore the signatures of 30 representatives of 208 Chicago German societies.

At noon Admiral Schley took luncheon with E. A. Munger, chairman of the Hamilton club, and at 2 p. m. met members of the Maryland society of Chicago, at a reception in the Palmer House. At 6 p. m. the admiral was the guest of the Illinois naval militia at a dinner at the Auditorium. A review of the first ship's crew at their armory completed the day. Tuesday the Schley party will depart for Louisville.

China's Army and Navy.

Thoma, Wash., Jan. 27.—The steamer Victoria brings news that Viceroy Liu of Nankai and Viceroy Yuan Shi Kai of Chi Li, have stopped the proposed sale of the Pei Yang naval squadron to Russia and are rapidly making preparations for an entire reorganization of China's navy and army. The viceroys propose to employ American and British naval officers in effecting the reorganization of the Chinese navy. Naval and military headquarters will be established at Tien Tsin. The reorganization of the Chinese army will be commenced by Viceroy Yuan Shi Kai of Chi Li, who will immediately mobilize an army of 100,000 foreign drilled troops for use in the province of Chi Li and Shan Tung.

Bookstore Burned.

Cincinnati, O., Jan. 27.—Fire burned out the bookstore of W. O. Davy & Co., 224 East Fourth street, causing a loss estimated at \$50,000. It is an old establishment of unique pattern, being widely known among book lovers as the repository for old and rare volumes. The fire started in the cellar, probably from an overheated furnace. The loss is covered by insurance, though many rare books are destroyed of value of which is hard to determine.

San Francisco, Jan. 27.—Pye Tsung, who is a Chinese tragedian from the Mott street theater, in New York's Chinatown, ventured to appear before the critical playgoers of San Francisco's Oriental quarters. He failed to please and the expressions of disapproval by the audience precipitated a riot and for a few moments the theater was literally a stormcenter for a shower of missiles. A squad of police was sent for and after clubbing the rioters into submission, took the ringleaders to jail.

Roosevelt may be pursuing McKinley's policy, says the Honston Post, but it looks as if he was pursuing McKinley's Cab net with an axe.

The trade returns of 1901 are the best ever made from the port of New Orleans, both in the matter of exports and imports. The South is getting there.

The Legislature of Mississippi has passed a resolution declaring that no text book shall be used in the public schools of that State "that gives to any other officer than Schley credit for the victory of Santiago." Representative Rigdon, of Bracken, has introduced a bill to the same effect in this State and it should pass. School children should be taught the truth.

The cost of living is computed by Dun's Review to have increased nearly 40 per cent. since July 1, 1897. At that date the total cost of the necessities of living for one person for one year was \$72.45. On the first of the present month the cost of the same necessities of life had advanced to \$101.58, the highest point in all recent records. While necessities have been increased at this rate the price of labor has been increased only 10 per cent. In other words the laboring class are just 30 per cent. worse off now in these prosperous Republican times than they were in 1897.

YOUNG LEEDS, who is now rated as a multi-millionaire on Wall street, was employed on the C. and O. railroad twelve years ago at a salary of only \$50 a month. He managed to save some money and invested in a tin mill, which he later sold to the trust. This gave him a good start, and everything he has touched since has turned into gold and he now ranks with the greatest of the moneyed men of New York. Leeds is building a \$200,000 stable for his fine horses, and is paying \$1,000 a month for rooms at the Waldorf-Astoria. His advancement is a wonderful illustration of the possibilities for enterprising young men in these days of commercialism.

MR. BRYAN in the Commoner condemns in his usual terse language the appointment of American representatives to King Edward's coronation. He says: "Do emperors of the old world send distinguished personages to dance attendance upon our President when he assumes the duties imposed upon him by the suffrages of his countrymen? Why, then should American representatives hang around a throne to pay homage to one who rules, not by the voice of the people or because of personal merit, but because he is the eldest son of one who in turn inherited the privilege of exercising authority? King Edward ought to make the most of this evidence of the decadence of American spirit, for a demonstration may not be repeated. Should we announce that the proud heir of George III. accept, with pleasure the respectful admiration of the repentant descendants of George Washington? To be silent when we should express sympathy with the Boers is had enough, but to show in an ostentatious way our approval of England's course is infinitely worse. From sending a ship for Kossuth to sending special representatives to attend the King's coronation—what a fall!"

A RICH BANKING MINE.
 "A number of years ago ex-Secretary Hugh McCulloch spoke of the First National Bank of New York as the 'richest banking mine ever opened in that city.' And when it is said," adds the Springfield Republican, "that the bank has distributed \$21,310,000 in profits since organization in 1863, on a capital not exceeding \$500,000 until very recently, Mr. McCulloch's statement will not be questioned. The bank's capital was increased from \$500,000 to \$10,000,000, a little while ago, and a dividend of 1,000 per cent. on the old capital stock was at the same time declared; and yet it is now able to make a semi-annual division of 10 per cent. on the new capital. As its name indicates, this was the first national bank organized in New York City, and so strong was the opposition of the State banks to the scheme of the Government that for some time the First National was refused admission to the New York Clearing House."
 This is probably the bank reported to have "earned" \$17,000,000 the past year.

PRICE TUMBLES

Many hundreds of yards of pretty dress stuffs are gone since we told of these price surprises Wednesday morning. Such decided price cutting was sure to mean quick selling. And the busy times the last few days point to more rapid selling as the news is told by fortunate and satisfied buyers. Plenty. Yes, the lots were ample, but will not remain so. There'll be less to-morrow. Don't delay.
SILKS—\$1.50 and \$2 qualities, 50c.; \$1 qualities, 35c.; 89c. qualities, 25c.
WOOL DRESS GOODS—\$1.50 qualities, 50c.; \$1 qualities 39c.; 89c. qualities, 35c.; 75c. qualities, 25c.

Boys' Underwear.

Sizes twenty-four to thirty-two. Drawers and vests each 10c., reduced from 25c. Closely ribbed, warmly fleeced. Made of best Maco cotton and perfectly finished. Too many—that's the only fault. The best buyers will some time miscalculate and must face the penalty of lost profit—and more. You'll appreciate these underwear values, can't help it. But you must be quick if you would share the offering—25c. underwear for 10c., doesn't last long here. We've warned you, don't blame us if you are disappointed.

CORSETS

At Less Than Half Price.

Several dozen corsets have been culled out of stock because soiled from handling or display. They are white coutil in long, medium or short waist. Of course sizes are very much mixed, but every size is here in one style or another. Several makes represented, but chiefly the J. B. and R. and G. \$1 Corsets, now 35c. There is reason to believe this one-third price sale will not happen again—unless some corsets get soiled and we'll try to guard against that for money losing is not a pleasure.

CHILDREN'S TAN STOCKINGS.

The phrase "Almighty Dollar" is discounted in our stocking department by the remarkable power of 5c. For 5c. will buy children's tan, ribbed, seamless, stout stockings. Double knees, heels and toes—the ideal stocking for restless feet. Better quality than used to be sold at double the money—for these are regular 15c. stockings.

PILLOW TOPS.

Plain denim with printed designs. Have sold for 25c. and 35c. Now 5c. Everything in this sale strictly cash. No goods reserved.

D. HUNT & SON

YOUNGEST MEMBER

Narrowly Escaped Being Ejected as an Intruder.

[Washington Post.]

The baby member of the House is Representative Lever, of South Carolina. He is only twenty-seven years old, and looks twenty. He was Private Secretary of the late Representative Stokes, and when the latter died was voted by a grateful constituency into the vacant seat.

Every day at 11:45 o'clock Bert Kennedy, Assistant Doorkeeper, warns all persons not entitled to the floor to vacate, "the rules of the House requiring the same." For three days Kennedy saw a small boy sitting at a desk and coolly disregarding the official summons to retire. He threw his piping, penetrating voice in the direction of the lad, but without effect. On the third day Kennedy told his troubles to Amos Cummings.

"If that boy don't get out of here before 12 o'clock I'll throw him out," said Kennedy.

"What boy?" asked Cummings.

"Sitting over there," replied Kennedy, pointing in Lever's direction.

"I wouldn't throw him out," said Cummings.

"Why not?" inquired Kennedy.

"Because," remarked Cummings, "you might lose your job. He is a member of the House."

Kennedy didn't say a word, and Representative Lever remained undisturbed.

Looking Out For Their Own Interests.

[Washington Special.]

A sensational move is being made by Republican representatives of beet-sugar States looking to nothing less than a union with the Democrats for the purpose of removing the tariff on refined sugar.

These Republicans are angered at what they believe to be the trust dictated agitation for free raw sugar from Cuba.

They declare that the success of this undertaking would mean death to the beet-sugar interests and they propose free refined sugar in retaliation, believing that it will result in death to the American sugar trust at the hands of the German and Austrian sugar cartel. Republican members from California, Nebraska, Michigan, Wisconsin, Ohio and Kentucky have been approached on the subject, and it is to be held over the heads of the sugar trust as a threat.

A Hairpin Hallucination.

[Flemingsburg Times-Democrat.]

One night recently Dr. A. S. Robertson was called out by telephone to make a hurried ride of some eight miles in the Tilton vicinity to see a patient who was said to be dangerously ill. On arriving he found the patient, a newly-married lady by the way, in almost a state of hysterics, imagining she had gone to sleep with a hairpin in her mouth and had swallowed it. An examination convinced the doctor that it was all a mistake and probably resulted from nightmare brought on by over-eating at the wedding and reception festivities.

Republicans Kicking.

[Georgetown, O., News Democrat.]

Kentucky Republicans say that if Roosevelt continues to interfere with politics in their State until 1894 as he has been doing there will be no Republican organization left in that State. The new Collector at Louisville has filled his office largely with Democrats. An indignation meeting is contemplated.

It is reported that a young farmer on the Lexington pike shot at a thief who was after his chickens Thursday, hitting him, but it couldn't be learned how badly the fellow was hurt.

An icicle, dropping into a barrel of unslacked lime, started a fire in one of the buildings at the new State Capitol at Jackson, Miss., a few days ago. The watchman turned in an alarm. The firemen threw water upon the fire, but that caused hundreds of barrels to ignite, and the buildings were speedily destroyed, the department devoting its attention to saving the new structure and adjoining buildings.

Ralston health food—Calhoun's.

All of Mr. and Mrs. J. E. Threlkeld's children are ill.

Mrs. Thomas Prather is reported ill at her home at Millersburg.

For chapped and rough skin use Ray's Edelweiss Cream. It is guaranteed.

Mr. Stanley Willett, while handling the windlass at the C. and O. freight house, let it slip from his hands and received a severe blow over the right eye, cutting quite a gash.

We have just received an entirely new line of brooches; designs that are entirely new, quaint and pretty. Call and see this line. Nothing like them ever shown here before. MURPHY, the Jeweler.

GREAT LEADER COMING.

Mr. Don O. Shelton, International Secretary of the Y. M. C. A., To Spend Three Days in Maysville—Membership Campaign.

The Young Men's Christian Association is very fortunate in securing Mr. Don O. Shelton, of New York City, International Secretary of the Y. M. C. A. for three days.

Mr. Shelton will arrive in this city Saturday, and Saturday night at 7:30 he will meet the Religious Work Committee for an evening's conference.

At 8 o'clock Sunday afternoon, at the Christian Church, he will speak to men on "Young Men in Non-Christian Lands; Their Condition, Social Evils Among Them, Their Future."

Sunday night at 7 o'clock Mr. Shelton will speak at the union service.

On Monday night there will be a meeting of all the association members, with invited guests. The forepart of the evening lunch will be served and then the entire membership will have a conference with Mr. Shelton.

The coming of Mr. Shelton should mean much for the religious life of Maysville.

Last week brought in twenty-one new members for the local Y. M. C. A. This is a good week's record, but if 100 members are to be secured by March 1st, every member in the association should be at work.

There is no better place in Maysville where a man can spend a social evening than at the Y. M. C. A. Business men realize the importance of the association work and should give to it their hearty support. Any young man of good moral character can become a member by paying \$2 down and \$1 per month until the \$5 is paid.

Regarding Seats For King Dodo.

So many requests have been made of the management of the opera house to set aside seats for the performance of "King Dodo" that they are obliged to make the announcement through the columns of this paper that seats will not be set aside for any one. Those intending to witness this great opera must be in line when the sale opens Thursday morning, January 30th, at Nelson's at 9 o'clock and take their chances, as the local management does not want to be charged with favoritism. A clean diagram will be shown and the motto, "First come, first served," will be strictly adhered to.

Death of Elder W. D. Rice.

Elder W. D. Rice, aged forty-four, died Sunday at the home of his father at Nicholasville. He was a graduate of Kentucky University, and was formerly minister of the Christian Churches at Tuckahoe and Augusta. He was buried Monday. His wife and one child survive.

Dr. A. Wilkins Smith, Deputy Grand Exalted Ruler for Kentucky of the Elks, is very seriously ill at his home in Richmond, from heart trouble. While Dr. Smith was very low Monday, his family and friends had not lost hope.

Captain J. Hamilton continues very seriously ill at his home in the Fifth ward.

Wm. A. Jobst has qualified as administrator of Maggie Jobst, with Joseph F. Perrie as surety.

Morgan Davis, a well known colored man, died at his home near Mayslick Saturday and was buried there to-day. He was upwards of sixty-five years old and had always been free. He used to work at Milton Taylor's ropewalk at Washington.

A young man named Sparks displayed a roll of \$7 or \$8 in a crowd Sunday night. An hour or so later he was passing Gray alley near the cotton mill, when a couple of men called him into the alley. Not suspecting any harm he approached them when they knocked him down and took his roll. He had about \$40 that they failed to get. Sparks swore out a warrant Monday for John Boughner, charging him with the robbery, and the case is set for hearing Thursday in the Police Court.

Midwinter Meeting.

The Mason County Medical Society will hold its next meeting to-morrow at Washington, where, agreeably to invitation, it will be entertained at the hospitable home of Colonel Robinson Maltby. The essayists appointed for the occasion are Dr. Huddleston and Dr. Jones. A full and detailed report of a recent case of maniacal delusion will be read by Dr. A. N. Ellis, which is said to have a peculiar interest in a medico-legal point of view. The program for the midwinter meeting presents other features of unusual interest.
